SAN FRANCISCO 49ERS

9TH ANNUAL COTTLE SUPER BOWL CANDY BOWL

Wow! Pretty good game, lots of scoring! The Niners had their chance, if only Kaepernick hadn't panicked in the face of the Raven blitzes on those two plays...we should have had Smith in. But how about that Joe Flacco! Eleven touchdowns with zero interceptions in the post season, including 3 in the super bowl. That new contract he's got coming should be impressive. It was definitely a game of swings, but in the end the Raven defense held up and held off the Niners for the win.

Winners

From the Grid: There are 18 winners receiving a total of 21 candy bars: Adriana, David, Tim, Bennett, Danielle, Jeff W, Addy, Mike S, Mel, Ben H, Chris E, Kennedy, Allison, Clay, Matthew W, Dillon, Chris S & Samwise (for the 2-2 square)

From the Sweet Spot: We had the potential for a lot of ties, but as it turned out, we had only one player win 1st place! That was Addy and she was off by only 2 points. She wins two candy bars. In 2nd place was Heather, off by only three. Heather wins a candy bar for that! There were two 3rd place winner who each guessed correctly that the Ravens would be victorious today, earning them each one candy bar: Brent & Christopher.

That's a total of 20 winners and 26 candy bars!

Hope you all enjoyed the game. Thanks for participating in the Candy Bowl!

Winners: We'll get your candy in the mail to you soon.
